

Batteries that last and last

TRUCK, BUS  
& HEAVY  
EQUIPMENT  
BATTERIES

## BATTERIES BUILT TOUGH FOR NEW ZEALAND CONDITIONS

CENTURY'S TRUCK, BUS AND HEAVY EQUIPMENT BATTERIES REPRESENT THE LATEST IN PERFORMANCE AND RELIABILITY FOR HAULAGE AND HEAVY COMMERCIAL VEHICLES. THEY DELIVER WHAT DRIVERS AND FLEET MANAGERS REALLY WANT – LONGER LIFE WITH LESS DOWN TIME.

Delivering more than just superior starting power, Century Truck, Bus and Heavy Equipment batteries can sustain constant current loads over extended periods to run on-board accessories for longer.

### CENTURY YUASA, DESIGNING AND MANUFACTURING BATTERIES SINCE 1928.

Century Batteries is part of the Century Yuasa group, New Zealand's leading battery supplier. Our reputation for quality and innovation has been refined and demonstrated over many decades.

In this time we have developed the engineering expertise and technical know-how to ensure we deliver a range of superior quality batteries better suited to New Zealand's diverse climate and tough conditions.

Today we pride ourselves in offering our customers a range of market leading products and services which continue to set new standards in technology and performance.

## ONLINE BATTERY FINDER

**Are you short on time?**

Use Century's online Battery Finder to quickly and easily find the most suitable battery for your needs.

- 1 Visit [centurybatteries.co.nz](http://centurybatteries.co.nz)
- 2 Key in the vehicle make, model and year
- 3 The online Battery Finder quickly finds the most suitable battery for your needs

# Extra Heavy Duty

Century's Extra Heavy Duty range is the clear choice for professional drivers. Incorporating industry leading design features and specialist internal components, this battery provides exceptional performance and longer life in heavy duty haulage applications.

- » Calcium-silver grid alloy for extremely low water consumption
- » Enhanced Flooded Battery (EFB) for superior reliability
- » Platelock™ technology providing shock and vibration resistance
- » Semi-cycling performance for on-board accessories#

# Heavy Duty AGM

Century Heavy Duty AGM batteries are a range of premium batteries incorporating Absorbed Glass Mat (AGM) technology and robust positive plates that combine to deliver superior starting power, extreme cycle life and discharge capability.

- » Absorbed glass mat separator for enhanced endurance and vibration resistance
- » Superior strength and durability for commercial conditions
- » Specialist plate design to reduce self-discharge and water loss
- » Semi-cycling performance for on-board accessories<sup>#</sup>

# Heavy Duty

Century Heavy Duty batteries are built tough for New Zealand's harsh working conditions. Incorporating industry leading design features, these maintenance free batteries provide exceptional performance & longer life in heavy duty applications.

- » Calcium technology for reduced water loss and lower self-discharge
- » Improved strength and durability for commercial conditions
- » Platelock™ technology to combat vibration and damage from rough uneven roads

# Heavy Duty Maintainable

Century Heavy Duty maintainable batteries are ideal for short haul/hiab/tail lift applications. Constructed with thicker battery plates for increased durability and battery life, these batteries feature a low maintenance design for maximum control over battery life.

- » Reliable starting power
- » Improved strength and durability for commercial conditions
- » Platelock™ technology to combat vibration and damage from rough uneven roads<sup>#</sup>
